Location

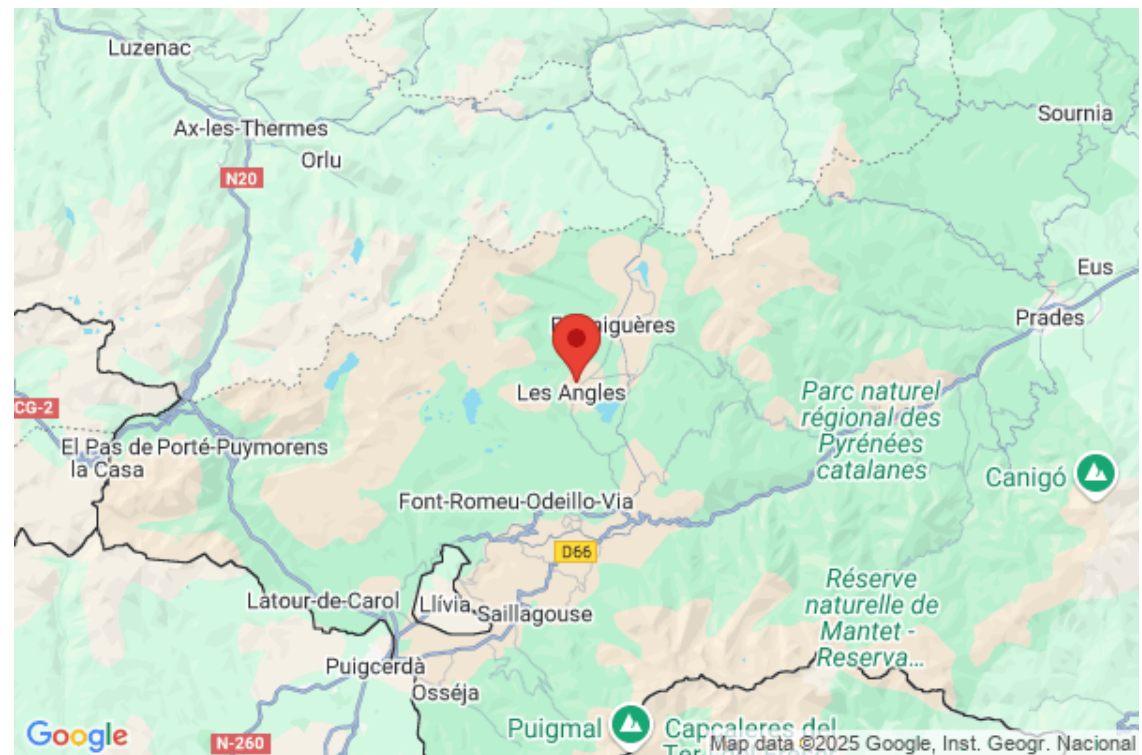

Les Angles is a mountain resort at an altitude of 1650 m which is less than one and a half hours from Perpignan and is very active both in the winter and in the summer. The old village is grouped around its typically Catalanian church steeple and has the ski pistes entering right into it which is unique in the Pyrenees. It has 50km of ski pistes (1600m to 2376m) with 18 ski lifts, 363 snow canons and a snowpark but there is also Formiguères within a 10 minutes drive from our chalet and Font-Romeu/Pyrénées 2000 (40 pistes, 23 lifts, 500 snow canons) at about 15 minutes drive only, plus a number of other ski resorts less than 30 minutes away.

The 'Salle hors sac' is a tremendous concept and a free service. You take your raw meat and picnic to the room at the top of the telecabin in the morning, go off skiing, at midday you arrive at the room and have your meat cooked on a wood fire and enjoy your picnic in the heart of the slopes.

In the summer the telecabin remains operative and the hills become a mountain bike paradise.

The lake provides a beach, canoing, pedalos, sailing, childrens play park, mini golf, paintball, husky sleigh rides in winter and summer, acrobanché, horse riding, archery, waterside restaurant and bar etc.

The area is a paradise for walking/trekking.
