Description

Mas de Castelnou is an amazing 'baronial' style property located in the heart of the Garrigue. If you are looking for stunning views, complete seclusion, being at one with nature, then this is the place for you. Its size and modular layout make it ideal for several families or generations who want to spend time together but also enjoy some space to themselves.

Located 10 minutes from the charming village of Castelnou, nominated one of 'Les Plus Beaux Villages de France', with a choice of restaurants, bars and shops.

The views are just amazing and sweep from the top of Mount Canigou down to the Mediterranean. There is a big choice of beaches - both sandy and rocky coves - within 40 minutes drive. The Spanish border is also about 40 minutes away and ski resorts in the Pyrenees can be reached in about 1 hour 45 minutes.

The house itself evolved from an old Bergerie dating back centuries to become an 11 bedroom Catalan Mas set amongst 12 hectares of undulating terrain.

Enter the estate through a lovely arch with wrought-iron gate. The hallway offers a grand piano and entrance to a huge sitting room with the original Bergerie fireplace.

11 bedrooms, 9 bathrooms and 4 kitchens.

The 16m x 8m swimming pool (can be locked for safety) has breathtaking views of the valley and the mountains that surround this beautiful site. There is a shaded seating area overlooking the pool and a covered external dining area. The main terrace off the sitting room overlooks the pool which is in addition to a number of private terraces accessed from different rooms around the house. There is a large lawn fit for sporting activities and weddings with enough space for a large marquee.

The entire house can sleep 22-25 people across 4 levels:

The garden level with 2 kitchens (the main kitchen to cater for large groups which leads out to the external dining area and the pool, and another kitchen specifically for the Garden Apartment), 4 bedrooms (1 kingsize, 1 super king, 1 twin (two small doubles suitable for 2 adults or 4 children), and a room with 3 single beds), 2 ensuite bathrooms, 1 shared bathroom and 2 separate WCs.

The middle level has 4 bedrooms, 2 kingsize with ensuite and another bathroom. 2 of these bedrooms are connected (1 with kingsize bed and the other with small double) divided by a half wall. The latter is ideal for those with children sharing the same space as their parents (or just lots of kids together!).

The Annexe Studio offers kitchen, bathroom, sitting room with sofa bed and sleeping area (super king).

The First Floor Apartment contains a studio apartment with a kitchen, bathroom and sleeping area (king sofa bed) and a terrace with some of the best views from the house.

Above this you will find the Tower Room (kingsize) with windows all round giving 360° views of the

Walking, mountain biking, canyoning, white water rafting and horseriding are amongst many activities within easy reach of the property. And there are plenty of vineyards!
