Location

Beaumes-de-Venise is an ideally situated location to spend your vacation in Provence, built against a line of cliffs along the southwestern edge of the Ventoux mountains this village has a lot to offer.

The old houses and narrow streets of the medieval village rise up to the reddish sandstone cliffs with their many caves. Life in the village centers around an open central area with squares, weathered stone fountains, shops, outdoor terrace cafés, with plenty of shade from the plane trees.
