Description

Overlooking vineyards, Mont Ventoux and the Luberon mountains, and close to the villages of Gordes, Roussillon and Joucas, Villa Maria is truly in the heart of the Luberon. The perfect villa for your Provencal vacation.

Comfortable, welcoming, understated quality -- just a few of the adjectives that describe this lovely home on a Provencal hillside. Just what a vacation house in France should be! The photos don't do the house justice in terms of its size, flow, comfort, accommodations, and quality of furnishings.

Gordes is a beautiful hilltop village perched in the heart of the Luberon National Park. It is classified as one of France's most beautiful villages and is definitely one of the brightest gems in Provence's crown. This sought-after village offers tourists more attractions than other Provencal villages of similar size. It has a wide selection of restaurants, spas and shops from the family-friendly to the exclusive range of products. Its houses and buildings of white stone root themselves into the sharp cliff of the mountain, its labyrinth of "calades" (narrow cobblestone streets) do not leave the visitor indifferent to its charms.
