Location

It is extremely quiet and private, whilst being only five minutes drive from Salernes, which has very good shopping facilities and lively markets on Wednesdays and Sundays.

Local attractions include tennis, which is only 5 minutes by car from the house, horse-riding in Salernes and Sillans-la-Cascade, and golf only 10 minutes by car.

There is plenty of opportunity for both walking and cycling, with forest and cross-country tracks running directly from the villa, with little need to use the roads.

The Ancient railway line passing the house is now part of the European Cycleway offering miles of almost private cycling.

Other activities include wine tasting in local vineyards, a visit to the monastery at Le Thornet, natural caves in Villecroze, the waterfall in Sillans-la-Cascade (10 minutes walk from the house), and numerous picturesque Provencal villages well worth visiting.

The Lac St Croix, 30 minutes to the north, offers a peaceful haven to the coast, where one can picnic, swim, windsurf and sail.

The magnificent Grand Canyon du Verdon, reputed to be the deepest gorge in Europe, leads into the lake and is well worth a visit for impressive scenery.

There is an excellent choice of local restaurants, a list of which is available in the villa, together with telephone numbers.

Salernes lies in the heart of Provence, 15 miles South of the Lac St Croix, 25 miles inland from the bay of St. Tropez and one hour east of Aix-en-Provence.
