Description

Saint Paul de Vence: Charming villa nestled beneath the beautiful, medieval village of Saint-Paul-de-Vence with sweeping views towards the Mediterranean.

Set

in the midst of the beauty, charm, art, festivities and rich culture of Provence, Villa Cecile is surrounded by elegant gardens, an exceptionally large swimming pool and an expansive terrace, as well as commanding views of the Riviera. Designed and built with luxury firmly in mind, the villa is very much a modern work of art itself constructed of albinic Provencal stone, sculpted in bold sweeping lines. A retractable glass-enclosed reception atrium, vaulted and pillared halls within & sleek marble flooring throughout give the villa an airy modern feel, while retaining a comfortable and intimate ambience.

The Villa is situated within 5,500 square meters of gardens and is accessed from a private road with a secured gate. It offers 6 bedrooms; all en suite and all with either a private balcony or terrace.

Only a short distance from the villa you will find the world famous Maeght Foundation and the town of Saint-Paul-de-Vence, with its art, shops, and restaurants - the centre of art, culture, shopping, cooking, sport and the natural beauty that make the Cote d'Azur world renowned.
